

IDEAS OF WHAT CAN BE DONE WITH JIGSO.

Simple to make, and intended to show beginners the possibilities of these nine little wonder pieces. Start making these first:

TURKEY

CHINAMAN

RUSSIAN

RUNNER

PELICAN

BUDDHA

KID

SCOTTY

JAYMAR SPECIALTY COMPANY, 200 Fifth Avenue, N. Y. C.

JIGSO comes to you with the nine (9) pieces placed as diagram above shows.

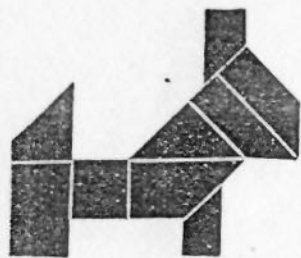

THE FUNNY FIGURE GAME

JIGSO

NINE BLOCKS OF
BLACK MAGIC

SCOTTY, the popular terrier, when made with JIGSO, looks like this.

And here is the way the nine pieces were arranged to produce it.

JIGSO is an alluring game that can be played by young and old for hours without end. It is composed of nine (9) little black pieces that can be moved about producing different silhouettes in an almost magical manner. Figures, birds and designs in an unlimited quantity can be made without any experience — just by moving these pieces about, the original effects seem to "pop out", frequently surprising the player and thus adding to the interest of all who play JIGSO.
